

# About us

shoot digital - professional photography

Corporate Events - Industrial - Mining - Portraiture - Studio - B/W limited Edition

Over the past 20 years the company has evolved and directed its focus on the digital technology offerings. This includes a comprehensive understanding and application of most software packages for graphic design purposes across both print and web media platforms.

Photography by John Guest - location specialist for corporate, commercial, industrial and advertising photography. The majority of his work is geared for web and print publication, covering capital expenditure programs, social responsibility and sustainability projects, plus the photography for company brochures, annual reports, advertising campaigns.

## Key areas serviced include:

- Corporate / Business Events - launches, promotions, presentations, award ceremonies.
- Manufacture, production, mining gold, diamond, coal and other precious metals) safety & health, black economic empowerment projects, optimisation of natural resources, social responsibility programs and studio photography
- Stylised portraits - Specialist in B/W photography and printing.
- B/W Limited Edition - Private collection of hand printed images reproduced onto artists canvas
